For that we stand up to the bitter end. This

for that we stand up to the bitter end. This resolution implies that, during the four weeks previous to June 18, public meetings shall be called and agitation is to go forward on very vigorous methods.

"Now, that is the matter, as far as the Turners are concerned as a body. Apart from them, there is an organization, which is composed of delegates from all German societies, be they Turners, singers, workmen's lodges or military organizations, which probably represents 30,000 American citizens, has made it an object to see that every legitimate voter go to the polls on June 18, and place himself on zecord

AGAINST THE AMENDMENT. "Committees will be appointed for every polling station in the county. I think this a good idea, because they can keep the ladies of the W. C. T. U. from getting lonesone."

Mr. Gottfried Ihsen, of the Allegheny Turnverein, and Chairman of the Committee on Personal Liberty of the Western Pennsylvania district of the Turners, said, that owing to the fact that they were building a new hall in Allegheny, they had been greatly bandicapped in calling any mass meetings as yet. "But," he calling any mass meetings as yet. "But," he continued, "we will have another meeting on Sunday, and definite arrangements for public agitation will be made then. We are going to do the same thing the German societies on the Southside are doing, and they, I understand, have also the Knights of St. George and other Catbolic organizations among their ranks of prohibition fighters."

Mr. Carl Heck, Captain of the German Military Organization of Pittsburg, is making great preparations for a large meeting at St. George's Hall on Penn avenue for pext Sunday. He said vesterday:

"We have passed several resolutions in our organization against the prohibition amend-ment, and every man has pledged himself individually to down the measure at the ballot box on June 18, if possible."

A GOOD DAY'S WORK.

The Pattern Makers Favor the Eight-Hour System-Piece Work Abolished-A Fine Banquet at the Seventh Avenue. The Pittsburg Association of Pattern Makers gave the visiting delegates a pleasant banquet at the Seventh Avenue Hotel

last night. After the menu had been dispensed with the intellectual part of the feast President McGonnell acted as toast master, and Clarence Eurleigh, Esq., was the first speaker introduced. His subject was "Our Country. and the Duties We Owe to It as Citizens." Prof. Brashear was to have addressed the pattern makers on "Our Relation to the Siars," but at the last moment sent his regrets. Dr. D. R. Sturgeon took his place. "Our National Organization and Its Future," was the subject of H. H. Bengough. John M. Kelly discussed the problem of "The Press in Its Relation to the Labor Problem."

The banquet was a very enjoyable affair and the feature of the convention. The delegates found it much easier to be the willing disclples of Epicurus than to work in committee with their hard-working General Secretary urging

At the meeting during the day they agreed to At the meeting during the day they agreed to abolish piece work, and the decision will be embodied in the constitution as soon as the local associations approve of it. A strong resolution was passed bearing on the 8-hour system. The resolution declared that every organization should strive for shorter hours of work. The convention will close to-day.

BOTH SIDES WERE NEGLIGENT. So Says a Coroner's Jury Regarding That

Fatal Mine Explosion.

Yesterday Coroner McDowell finished the inquest on the bodies of the miners killed by the gas explosion at the Federal mines, last Friday. Mine Inspector Blick testified to the condition of the mine. He said the gas generated rapidly there, and the mine was ed for this. There was no danger sign excent at No. 6 entry, and this was beyond where

the men met their death.
Hugh McGuire, of Bridgeville, thought one of the men could have been saved. He was lying on his face, and was not badly wounded, and, in witness opinion, if the fau had been started as soon as the accident occurred, he as soon as the accident occurred, he was been rescued.
witnesses were examined, and the jury in a verdict of death from an examing gave the following reasons for the

secident:

First, That deceased went into said mines in direct violation of the law; second, that E. W. Powers, Superintendent of said mines, was negligent in directing shutting off the ventilation from said mines and allowing gas to accumulate, knowing said mine to be generating gas; third, that, ames Halloway, mining boss, was negligent in not closing up month of said mine when it was shut down, or displaying danger signals at the proper places, and that Thomas Evans was negligent in taking upon himself the responsibility and duties of mining bogs and not making the proper examination of said mine every day until the return of said mane every day until the return of said James Halloway, mining boss.

REFUSING INFORMATION.

Homeopathic Hospital Men Loath to Talk About a Poisoning Case. The pharmacy clerk of the Homeopathic Hospital is said to have either accidentally oe wilfully poisoned himself. On Tuesday he secame ill, and several physicians at once be-

gan to work with the young man.
It is supposed that Bowrie (that is the young man's name), committed the act because he had been discharged. The officials at the hospital utterly refused to make a statement about the matter, saying last night that Mr. Bowrie was not in the hospital any longer.

Ainx Jones Will Not be Run by Any Oppo

sition Crowd of Negroes. An anti-prohibition meeting of the colored people was held last night in the hall of the Franklin school. Ajax Jones obpected to the action taken at the meeting of a olored society a few days ago, when it was reolved that the colored people of the Seventh, Eighth and Eleventh wards indorse prohibi-He said that the majority of the colored people he knew were against it.

Rev. R. C. Christy, of Madison, Ind., also made an address against prohibition.

A NARROW ESCAPE.

Two Cars on the Wylio Avenue Line Try the Single Track Trick.

An accident which might have been attended with the loss of many lives, occurred on the Wylie avenue street car line last evening. Car No. 12 was coming down the hill and when near Logan street the driver lost his brake handle. Owing to the construction of the cable line, the horse cars run on one track from Tunnel to Fulton streets. The driver was unable to check the speed of his car, and near the corner of Elm street it struck a car coming up the hill full of passen-gers. The six horses were thrown together and one of them had his leg broken. The passengers escaped unburt.

IN SIXTY PAGES

The Bottlers' Attorney Will Tell the Supreme Court Everything.

John Robb is hard at work preparing the paper book that the Supreme Court asked him to present in the case of the appeals of the bottlers, who think Judge White's rulings will not hold water. It must be ready by the 28th inst. The Court desires to have some time for examination before rendering a decision, which will be given either in Harrisburg or Philadelphia.

The book will not be very large, not to exceed 50 or 60 pages, but the intent is to make the argument cover all the points in the case.

A Victimized Laborer's Benefit. The testimonial to Francis E. Carroll to be given at Odd Fellows' Hall on the So to-night will be largely attended. Mr. Carroll as is known, is a victimized member of the Amalgamated Association, and the members of the Tubal Cain lodge are giving him a benefit. Almost 1,000 tickets have been sold. "Damon and Pythins" will be rendered by the J. C. Kober Dramatic Company.

Exposure and Blood Polsoning

Squire Freeman, of Wilkinsburg, held an inquest last evening on the remains of the young colored woman, who died under suspiclous circumstances on Wednesday night. On Tuesday the girl became sick and said she was going to her sister's. On the same evening she became a mother. Exposure and blood poison-ing caused her death.

The stonemasons' strike is ended, both sides having agreed to arbitrate the matter. The men went to work yesterday at the 26-cent rate per hour, but if the Arbitration Board decide in flavor of 40 cents the difference will be paid. Each side will appoint a representative, and these two will select a third man.

MAJOR SCHLEITER'S MONUMENT. Arrangements for Its Dedication on Wednes day Afternoon.

The afternoon of next Wednesday has been selected for the dedication of the monument to the memory of Major Gustave Schleiter at Homewood Cemetery. The monument is built of gray granite, 12 feet high, and cost \$5,000. An excellent bust of the deceased crowns the shaft. cost \$5,000. An excellent bust of the deceased crowns the shaft.

Hon. F. H. Collier, Chairman of the Monument Committee, will preside, and Major Montooth will deliver the address. The Frobsinn and other singing societies will also participate. Post \$ G. A. R., is taking an active interest in the matter, and it is expected that most of the surviving members of the Seventy-fourth Regiment, of which the deceased was a member, will be present.

terday afternoon. He was out in the middle of the stream in a skiff, when the craft upset. The body has not yet been recovered.

HE IS MUSTERED OUT

Major Samuel Harper, the Widely-Known Veteran Soldier,

The Ex-Department Commander Dies After a Trying Illness.

ACTION OF SOME OF HIS COMRADES

A life of intense mental activity and arduous labor came to a close yesterday afternoon. Major Samuel Harper died at his residence on Mt. Washington.

Major Harper was born in this city August 8, 1837. He received a common school education and went to Iowa when 17 years old: Here he read law and subsequently came back to Pittsburg and for a time was writer on a paper. In 1860 he married Miss Helen A. Whittier. Early in life Major Harper developed

liking for military life and and at the age of 17 became a member of the Washington Infantry, and in Iowa was First Lieutenant in a military company. At the breaking out of the Civil War in 1861 he was an officer in one the home-guard organizations, and in 1862, joined onel (now Judge) Collier's regiment, the One Hundred and Thirty-ninth Pennsylvania olunteers. He was Lieutenant and served as Quartermaster, and at the close of the war in 1865, mustered the regiment out of service. His son states that the Major kept the books of the regiment in such shape that no trouble has ever been experienced by any of its members who wanted a pension, in showing his status as

PROMINENT IN THE G. A. R. Since the organization of the Grand Army of the Republic Major Harper has taken an active part in its affairs. He was Past Com-mander of Colonel Moody Post No. 155, and Past Department Commander of the State or-

In 1867 Major Harper was appointed Registe of Bankruptcy for the Twenty-second district and held the position at the time of his death. Frank Smith, Esq., says he knows of his own knowledge that the affairs of that office were administered ably and left in such shape that the successor will find all plain sailing. It is supposed the office will be merged into that of some other Register. At the time of his death he was Secretary of the State Monument Asso-ciation, which has charge of the building of

the monument at Gettyburg.

The deceased always manifested a lively interest in the public rchools, and was a director for many years of the Mt. Washington school and a member of the Central Board of Education from that district. He was an able lecturer on school topics and management, and was frequently called on to exercise his gift in that direction.

Major Harper was more widely known, however, as a prominent member of the Masonic

adajor riarper was more wincey known, now-ever, as a prominent member of the Masonic order than in any other public capacity and is said to have been one of the brightest men in the order. He was made a Mason February 27, 1863, in St. John's Lodge, 218. He became a member of the Grand Lodge in 1870 and Wer-shipful Master and was one of the committee that revised its constitution. that revised its constitution.

HOLDING HIGH POSITIONS. At his death he was Chairman of the Com littee on Appeals; he was Chairman of the Committee of Correspondence of the Grand Chapter; first High Priest of Shiloh Chapter

Committee of Correspondence of the Grand Chapter; first High Priest of Shiloh Chapter No. 257; a charter member of Tancred Commandery No. 48, K. T., and became Eminent Commander of it in 1875. He was an active member of the Supreme Council, Thirty-third degree, N. M. S. J. of America, of the Ancient Accepted Scottish Rite, and Commander; in Chief of the Sovereign Grand Consistory of the Valley of Pittsburg, for 16 years.

Notwithstanding the complexity of his military, legal, society and civil relations, Major Harper found time to devote part of his attention to religious affairs, and was a member and vestryman at St. Andrew's Episcopal Church, at which church funeral services will be beld to-morrow, after which there will be services under the direction of St. John's Masonic Lodge, 219.

Deceased has been a stockholder in and President of the Monongahela Inclined Plane Company since its organization, about 1870.

He was quite abrupt in his manner with strangers and frequently created ill-feeling on first acquaintance, but when better known was found to be unusually genial and kind hearted, and it is said would go a thousand miles to do a friend a favor and resentall acknowledgements. His intimate friends are all of the stick-to-thedeath kind, though but few of them got acquainted with him in a day.

A brother of Major Harper, John Harper, was formerly a well-known writer for the daily press of this city, and served as managing and writing editor on several papers. He has resided in Philadelphia for some years.

Major Harper's disease, a sort of malarial fever, was complicated by eczema, from which he had suffered for many years, and which had been dragging him down for a long time.

ACTION OF POST 128. A meeting of Post No. 128, G. A. R., Allegheny, was held last night, and the following reso Intions passed regarding the death of Past Department Commander, Samuel Harper: Whereas, Information has just been received

of the death of Past Department Commands Samuel Harper of Post 185.

Whereas, It is but fitting that we should give expression to the sorrow we feel upon the great expression to the sorrow we rect upon the great loss this department has experienced in this sudden and unexpected event; therefore, be it Resolved, That in the death of Past Department Commander Harper, this department has lost one of its most earnest and faithful members and one whose heart always beat in unison and sympathy with his comrades in all their undertakings and actions. dons.
Resolved, 'That we as members of the Grand Army point with pride to his record as a soldier and a citizen, and commend his example of devolon to his country as one that should be taken as a beacon light to the younger portion of this com-

unity.

Resolved, That this post extends to the widow d family bereaved by this dispensation of Province, a soldier's sympathy in this the hour of eir affliction, and commend them to the care of m who alone can dry the tears and assuage the lef of the afflicted. grief of the afflicted.

Resolved, That the Adjutant be directed to forward a copy of the above preamble and resolutions to the family of our deceased courade, and enter them upon the records of this post.

TWO MORE STREET RAILWAYS. Allegheny Citizens May Soon be Able to

Ride All Over Town. The Allegheny and Milivale Street Rallway Company was granted a charter yesterday. The capital stock is \$24,000, and the road will be four miles long. It will begin at Lacock and Sandusky streets and run to Mill-Hon, F. H. Collier, Chairman of the Monument Committee, will preside, and Major Montooth will deliver the address. The Frobian and other singing societies will also participate. Post 3, G. A. R., is taking an active interest in the matter, and it is expected that most of the surviving members of the Seventy-fourth Regiment, of which the deceased was a member, will be present.

Drowned in the Obie.

Charles Alexander, a 12-year-old boy, living on Warner street, Aliegheny, was drowned in the Obio river, at the foot of Nixon street, yesterday afternoon. He was out in the middle of

A Switchman Fatally Hurt Henry Schelman, aged 25, a switchman at Twenty-eighth street, on the Pennsylvania Railroad, was run over near the crossing yes-terday morning and died soon after. Deceased lived at 25 Chartiers street, Alleghany, and leaves a widow and three children.

A BIG STRIKE.

Over 1,500 Tabe Workers at the National

Rolling Mill Quit Work-Demands for Advanced Wages. About 1,500 of the 5,000 employes of the National Tube Works Company at McKeesport are idle and the outlook is good for the RELEASED FROM EARTH'S ROSTER number to be 400 larger if the butt weld The men came out yesterday morning on a strike for an advance of from 5 to 10 per cent, and claim they will not go back unless they get it, and as a result the threading floor mill and the lap weld mill is idle. These places comprise a number of departments. The men ask for this advance and claim that when a reduction of from 5 to 16 per cent was made a year ago the company promised to give it back to them when trade improved, and they believe that the day is at hand. /The strike was sudden by the community.

Before the strike was precipitated the men made efforts through a committee to have the reduction restored and failed, and the company remarked that the men failed to give notice that they would strike. They say the demand of the committee was in itself a notice that they would come out if it was not compiled with. The company has not taken action as it does not know as yet what the demand of the men as a general thing is, but will know when the committee calls on them to-day to make the demand which was decided on at a meeting held in Palace Rink yesterday afternoon.

meeting held in Palace Rink yesterday afternoon.

The meeting was largely attended, and the building was so crowded that a portion of the floor gave in. It was decided that the men will ask the company to give them an advance of 10 per cent in the threading floor and 15 per cent in the lap weld departments, with the restoration of the 5 per cent taken off of the men who make less than \$1.50 per day. A committee of three was appointed to call on General Mauager John H. Flagler at 9 o'clock this morning and make the demand. The committee will then report his answer to the men at a meeting to be held in the rink at 1 P. M. The men are not organized, but will stick together.

The company says, "trade is dull and prices are at the lowest notch, while profits are very small. The mills are full of work, but it is no indication of a flourishing trade. A large concern of this kind must run full or not at all, and is often kept in full when all the product is in the warehouses, and the size of the plant in connection with the full operation, often enables the company to make pipe and sell it when other concerns cannot. Were it not for the advantage in this respect, and the desire of the company to keep the plant running and the crews together, the mills would be run in good times and would be closed down in dull times, as other pipe mills are operated."

The company also states that it has \$1,000,000 as other pipe mills are operated."

The company also states that it has \$1,000,000 worth of pipe in stock, which was made in the winter, and for which there is no demand to-

ANOTHER STRIKE ON.

The Clark Bres. Falled to Keep Their Promises With the Men. The strike of the men at the Solar Iron Works was no surprise. It has been expected for some time, and the position of the firm is said not to be enviable. The striker intend to join the Amalgamated Association again.
One of the men sized up the situation as follows yesterday: "There has been considerable dissatisfaction among the workmen since the last strike. Mr. Clark, to induce men to go to work, made them many promises, which he has not kept.

work, made them many promises, which he has not kept.

"Some of these promises pertain to positions, but the main difficulty is a question of wages. This is the essence of the trouble, and the strike will leave the firm in bad shape."

The condition of affairs in the strike has not changed since yesterday morning. The only part of the mill in operation is the puddling department, where about 85 colored men are employed. The strikers said last night that the puddlers would join the strike and the Amalgamated Association to-day. This will throw the whole mill idle. gamated Association to-day. This will throw the whole mill idle.

A large meeting was held last night in Frecker's Hall, corner Butler and Thirty-eight streets, by the strikers. President Weihe was present. Fifty-five members were reinstated in Victoria Lodge No. 35, Amalgamated Association. They were in part men who broke the last strike at these mills.

SOME CANDIDATES NAMED

For the Position to be Vacated by President Weihe and Secretary Martin The members of the Amalgamated Association are beginning to look around for ainly occur. A number of names have been tainly occur. A number of names have been mentioned, but several have declined to accept either the Presidency or the Secretaryship.

Prominent among the candidates for President are William T. Boberts, Vice President of the First Division, Johathan Davis, Vice President of the Second Division, and James Grundy, of Covington, Ky. The candidates for Secretary are Stephen Madden, the present efficient assistant, William Flyan, of Youngstown, Francis E. Carroll and George S. Baird, of the Southside.

ALL QUIET AT DUODESNE.

The Mill Runs and the Strike Will Probably be Ended Soon. There were no new developments in the situation at Duquesne yesterday. The strikers to the number of 300 held a meeting

in the morning, but the proceedings were secret.
Four carloads of rails were shipped yester Four carioas of rails were shipped yester-day, and members of the firm claim that the strike is broken. All the departments of the mill seem to be running in full. There is very little excitement and no indication of any trouble around the works.

It was reported last night that Wm. Dunn, the striker who was shot by Clerk Galloway was dying, but the report could not be confirmed.

THE WINDOW GLASS TRADE.

Stocks Are Not-Accumulating and Wager Will Not Likely be Reduced. The window glass manufacturers of the West will hold a convention here on the 23d inst. to discuss the condition of the trade. There has been some talk of closing the factories earlier than usual on account of an overproduction. The workers say there is less stock on hand than there has been for three stock on mand than there has been for three years past or will be at the end of the fire.

President Hodine's report shows that on April 30 there were \$41,056 boxes of glass in stock, which is \$13,000 boxes more than July 1, 1888. Reports from different factories all over the country show very little accumulation of stocks. The workers do not anticipate an offer of a reduction in wares. of a reduction in wages.

COKE TRADE DULL. Prices Are Very Low and the Output is Decreasing Rapidly. The coke trade is in bad shape, prices low and shipments less than last week. The shipments for the week ending Saturday last

were as follows: To Pittsburg, Bessemer and river points, 1,376 cars, a dedwarse of 285 from the previous week. To points west of Pittsburg, 3,453 cars, a decrease of 521. To points east of Everson, 1,250 cars, a decrease of 248. Total shipments for the week, 6,688 cars, making a total decrease of 1,146. The quotations run about as follows: Furnace coke, \$1; dealers, \$1 10; foundry, \$1 25; crushed, \$1 50 per ten of 2,000 pounds.

Arthur B. Smyth, of Allegheny, a prominent labor leader of this section, yesterday received a letter from the Scripps League to the effect that he would likely be appointed one of the 40 workmen who will go to the Paris Exposition. Mr. Smyth is General Engineer for the American Federation of Labor and is Secretary of the Marble, Slate and Tile Workers' Union.

He Will Be Acquitted. Master Workman Coffey, of D. A. 143, K. of L., composed of green glass blowers, says his attorney has discovered a law that will let him out when the trial takes place. Coffey is charged with conspiracy by inducing men to quit work at a factory where a strike had been ordered.

GEORGE MCALLISTER and Harry Hummell. two Duquesne strikers, were released from jail yesterday on \$1,000 barl. THE Pittsburg Plate Glass Company has let a contract to the American Tube Company for 12 miles of eight-inch pipe for the gas line from Ruff run to Ford City.

ating window glass pots in the country this week shows that there are 1,023 operating and 284 idle. During the week 20 were let out at Ottawa, Ill., and 10 at Streator, Ill. THE freight pates on bottles has been changed. hieretofore they have been in the second class for small lots, and third class for carload lots. After the 20th inst they will be in the third and fifth classes.

THE report of the number of idle and open

TO UNITE THE SYNODS

Reformed Presbyterians May Spread the Olive Branch of Peace.

COVENANTERS WANT TO MAKE UP.

The Amendment May be the Means of Amalgamsting Both Churches.

THE DOINGS OF THE GENERAL SYNOD.

There is a strong probability that the two factions of the Reformed Presbyterian Church, known as the "Synod" and the "General Synod" will be reunited, after separation of 56 years. A committee of three members of each Synod, has had several conferences. A number of schemes have been suggested to bury the batchet and restore peace and harmony within the

There is a strong undercurrent of sentiment developing among the younger mem-bers of the General Synod, or "the old Covenanters," as they are called in the East. One of the latter, Rev. John Graham, who is now in attendance at the General Synod at Tarentum, was formerly a member of the seceders. He came from Rochester, N. Y., and, UPON SWINGING OVER

to the "Generals," he became pastor of the First Church in Philadelphia. A number of his former brethren want to follow his ex-ample and amalgamate with the other faction. In 1833 the Reformed Presbyterian Church split, at a meeting held in the old Eleventh Street Church, upon the site of which now stands a minstrel theater. The seceders, or Covenanters, would not allow their men to vote upon any questions relating to the State or National Government. The General Synod took the opposite view, and said it was a duty they owed to their State and Church to take part in all elections. Some of the Covenanters now want to vote upon the prohibitory amend-ment, claiming that it is a righteous cause. For this reason some of them would like to come back to the fold again. Their reas for not voting is that God is not in the Consti-tution of the United States.

At the meeting in Tarentum the committee ou reuniting the other branch reported prog-

ress, and asked to be continued. YESTERDAY'S PROCEEDINGS. Rev. H. H. Brownell, of Vinton, Iowa, was manimously elected Moderator. Rev. J. Y. Soice, of Philadelphia, was re-elected Stated Boice, of Philadelphia, was re-elected Stated Clerk, and J. H. Kendall, pastor of the Tarentum church, assistant. Rev. Dr. Miller, of Saltsburg, and Rev. S. R. Kerr, of Pittsburg, pastors of evangelical churches at Tarentum, were invited to seats as consultation members. Owing to financial difficulties the trustees were unable to settle in regard to the legacy left the church by Mrs. Elizabeth Wylie.

In the afternoon Rev. David Steel, D. D., conducted the devotional exercises. The standing committees were then announced. The matter of title to church property in Xenia, O., was referred to the Board of Church Extension, with power to prosecute the claim of the church to the property.

Monday evening was fixed as the date to discuss the prohibitory amendment. The people of all the other churches in the city will be invited to be present. The "General Synod" will insist upon every member of the church voting upon this question.

THE WOMEN MISSIONAPIES Another Branch of the Same Demo

Elects Its Officers. At the fourth annual session of the Woman's Missionary Society of the Pittsburg Presbytery of the Reformed Presby terian Church, which met yesterday, the following new officers were elected: President,
Mrs. John T. Morton; First Vice President,
Mrs. J. W. Sproul; Second Vice President,
Mrs. R. J. George, of Beaver Falls; Secretary,
Mrs. John D. Carsory, of Allegheny; Treasurer,
Mrs. James R. McKee, of New Brighton.
It was reported that \$1,409 was contributed
during the year for work among the Comanche
Indians.

BISHOP TUIGG DYING.

He Will Likely be Succeeded by Father Wall, of This City-Bishop Phelan and

Two Dioceses, One in Asia. Bishop Tuigg, of this diocese, is dying at his home in Altoona. The Bishop has been ill for many years; but his sickness is so serious at present that it was decided to summon Bishop Phelan, coadjutor, to his edside. The last rites of the church were given to the dying bishop yesterday, as his chance for recovery seems less hopeful than at any time during his long illness.

recovery seems less hopeful than at any time during his long illness.

It was reported yesterday that, in the event of Bishop Tuigg's death, the Pittsburg and Allegheny dioceses would be reunited, and that Bishop Phelan would be placed in charge. Several of the leading members of the Roman Catholic Church in this section were seen yesterday and said: "The dioceses will not be reunited. What Rome has done Rome cannot undo, the Holy Father being infallible. This diocese was divided, and will remain divided. Bishop Phelan is Bishop of a diocese in Asia Minor and is Bishop Coadjutor here. If Bishop Tuigg dies, we believe that Father Wall will be made Bishop of the Pittsburg diocese, and Bishop Phelan of the Allegheny diocese,"

The latest reports received of the condition of Bishop Tuigs were that he is in an unconscious condition, and cannot live more than a day or two. dition, and cannot live more than

IT WAS NOT FOR PROFIT.

That Sacred Concert in the Bijon and Its Fair Defense. The case of R. M. Gulick, charged with permitting the Boston Ideals to give a conert in the Bijou Theatre last Sunday night, was heard before Alderman McKenna yester day.

Mr. Gulick's defense was that he had donated he use of the house for the concert for the benefit of the Anti-Cruelty Society. He neither received any of the proceeds nor allowed any of the attaches to aid in giving the concert. The alderman reserved his decision until to-

PROBABLY A CABLE LINE. Due Reason Why the New Allegheny Bridge Is Being Erected. The directors of the Union Line Street

Railway Company are anxiously awaiting their charter for the bridge they intend to beild over the Allegheny river.

It has been almost definitely decided to have a cable operate the line and, as the Suspension Bridge Company refuses to have a cable laid over their structure, the new bridge will be a necessity. Work will be commenced as soon as the charter arrives.

Yesterday P. U. Seibert appeared before Magistrate Brush and charged Samuel Parliaman with felonious assault. Parliaman struck John Muddick with a shovel. His skull

Southsiders Want a Park. Some citizens of the Southside will petition the Department of Public Works to have a park laid out between Grandview avenue and Duquesne Heights,

Ticket Sellers Versus Piano Sellers.

It will be noticed that while some music rms are picked upon to do the ticket sell ing for concerts, others are chosen to furnish the artistic, the musical material for the the artistic, the musical material for the same, viz.: the pianos. No matter who sells tickets, for when it comes to the musical part they all must apply at Kleber & Bro.'s to get a suitable and satisfactory piano for the occasion. Look at our own May Festival, Gilmore's concerts, Rosenthal's concerts and all others of any importance; it is Steinway and nothing but Steinway. All the best pianos are concentrated in the hands of Kleber & Bro., it appears.

Here we find the great Steinway, the wonderful Conover, the charming Opera and Emerson makes. Also the lovely Burdett organs and the phenomenal Vocalion church organs—the grandest church instrument ever invented. The Kleber Bros. are the oldest and most trusted music house in the city, and they do the lion's share of the music business. Their salesrooms are at 508 Wood street.

JOHN JARRETT'S JOY.

He Says He Will Leave for the English Consulate in a Month-His Prediction Tariff Studies. Almost immediately after the announce

ment of John Jarrett's appointment as United States Consul to Birmingham, England, yesterday afternoon, a DISPATCH representative met that gentleman on Fifth

"Is your appointment news to you, Mr. Jarrett, or have you already received your official notification?"

"No, I have not received my official noti-fication." replied Mr. Jarrett, "but I knew four weeks ago that I would be appointed."
"Well, do you know anything about any other Pittsburger?"
"I know that Mr. McKean will get into the

"I know that Mr. McKean will get into the postoffice. Our boys will get there, and they would have been so placed long ago had it not been for this tiresome disagreement among the leaders in our party. I am a Republican, and while I do not absolutely believe in the adage that to the victors belong the spoils, still I think where a Republican can be made to succeed a Democrat without any great complications it should be done."

"When will you depart for Birmingham!"

"I think I shall be ready in about a month, and while I am out there I will make it my especial business to study the question of tariff more than ever I did, for Birmingham gives me great opportunities in that respect. I am sorry to leave Pittsburg though."

An effort is being made to annex Bellevue borough to Allegheny. The matter was brought up in the Borough Conneil at a recent mee and was voted down by 4 to 2.

The May Music Festival. It is a significant fact that at the approaching great May Festival they use only he famous Steinway pianes. All the other piano makers were crazy to get their make the high artistic character of the performers and the elevated style of their music convinced the managers that none but the Stein-way Grand could possibly fill the bill. At the late Gilmore concert the Steinway Grahd, also, was the only instrument which Mr. Gilmore thought fit to be used in grand concerts. This fact must be highly gratifying to the thousands of possessors of the Steinway and also to the Messrs. H. Klebe & Bro. who have the honor to represent them in our section of country.

MORE PROSPERITY FOR WILMERDING IT CAPTURES ANOTHER INDUSTRY

Alrbruke Works. The rumor that a large glass concern had decided to locate on the property of the East Pittsburg Improvement Company at Wilmerding has been confirmed, and it is now definitely settled that this town, already so highly favored, is to have an additional element of property.

element of prosperity.

One would imagine that the immense plant of the Westinghouse Airbrake Company, with its army of skilled mechanics, the busiest and best paid employes in the country, would be sufficient to satisfy the founders of Wilmerding, at least for the present, but the old adage, "Nothing succeeds like success" is again illustrated, and Wilmerding comes to the front for renewed

Like the Airbrake Works, the East Pittsourg Glass Company will have the advant age belonging only to manufacturers of specialties, and which insures better wages and steader work than could be otherwise enjoyed. The glassware manufactured by this company will be such as is used in the construction of electrical appliances and fixtures of various kinds, and the probable extent of its business may be inferred from the fact that there is but one other glass works of the kind in the country, and the Westinghouse Electric Company, which alone uses over 10,000 glass globes for incan-descent lights each day, will undoubtedly give the new concern the benefit of its entire

Very naturally the promoters of the East Pittsburg Improvement Company are pleased by this prompt appreciation of the advantages they offer to manufactories lo-cating on their property, and urge an examination of the many unrivaled sites they have for sale.

have for sale.

The property in question consists of several hundred acres situated in the Turtle Creek Valley, between Brinton and Wilmerding stations, on the P. R. R.

It is only 12 miles from Pittsburg.

Topographically considered, it is admirably adapted for manufacturing establishments of various kinds. ments of various kinds.

The natural gas supply is abundant and cheap, the Murrysville field being but seven miles distant, and the cost of transportation consequently considerably less than to Pitts-burg and Allegheny. The best Pittsburg coal and Connellsville coke are within easy reach.

Being beyond the city limits, taxes are

water drawn from above dam No. 2 on the Monongahela river will be supplied at reasonable rates by the company's own plant. By means of the Turtle Creek Val-ley Railroad, running through the entire property, connections can be conveniently made with the Pennsylvania Railroad, the Baltimore and Ohio Railroad and the Pitt burg and Lake Erie Railroad, and shipments forwarded to all points at rates not exceeding those from Pittsburg.

All the advantages enumerated apply with especial force to the town of Wilmerding, to which must be added those of

graded streets, sewers and plank sidewalks. The matter of adequate fire protection as afforded by the company's system of mains and fireplugs should not be overlooked. The opportunity offered for the establishment of a prosperous business in a few months by locating at Wilmerding is seldom equaled.
